

Flexible Financial Options

At Thirwood Place, we have financial options to fit varying budgets. You can choose to utilize a larger, partially refundable entry fee to keep your monthly fee lower over the course of time or you can use a minimal, non-refundable amount as an entry fee. The choice is yours! We have a wide variety of residences to choose from and the monthly fee will be determined by which type of residence and entry fee you choose. Regardless of the type of residence you choose, you will have a number of things that are included in your monthly fee - heating and air conditioning, electricity, hot water, expanded basic cable television, emergency call system, scheduled transportation, weekly housekeeping, meal programs, and use of all amenities and activities.
